 - b. Require Additional Evaluation, Inspection or Tear Down – The **Administrator** may require an inspection prior to the repair being completed. If a tear down is required to determine the cause of **Failure**, the **Contract** holder must authorize same. Notify the **Contract** holder that if the repair is not covered, then the **Contract** holder will be responsible for cost of the tear

down. The repair facility should save all components requiring inspection, including fluids and filters. The Claims Advisor will arrange for the inspection. If the inspection is not made within forty-eight (48) hours, contact the Claims Advisor.
